James, just a few quick questions –

# Ex. 5 Deliberative Process (DP)

Thanks!

Hey Seth,

Attached spatial plots for the targeted sampling sites as well as the NTA data for locations that I have current GPS coordinates for.

Attached some MS1 example spectra and the TIC/EIC for the “SolvayX” homologous series. Was in the lab all day so I couldn’t draw the structures to annotate peaks. Can do that tomorrow if you want. Figured something was better than nothing this afternoon.
